

Rain Experiment

April showers bring May flowers! Try making your very own "April Showers" at home!

Materials:

jar or glass	food coloring
dropper	thick, white shaving cream
water	additional cup of water mixed with food coloring

Directions:

1. Fill your jar or glass up $3/4$ of the way with water.
2. Spray shaving cream on top of the water so it's floating on top like a cloud.
3. Collect colored water in the dropper & drop on top of your shaving cream cloud.
4. Watch as "rain drops" fall through the "cloud" and down into the water below.
